

*The Job Education Training (JET) Program assists students to achieve their transition from school to work and further learning objectives.*

JET ASSISTS YEAR 8 TO 12 STUDENTS TO:

Re-engage	Understand their strengths
Find their fit	Identify post-school options
Plan their pathway	Attend structured work experience
Gain work readiness	Become employable

JET has a flexible delivery approach through group and one-to-one mentoring and/or half & full day workshops. It can be over one or more terms and designed to achieve the student needs as well as school goals, objectives and budget.:

JET TOPICS:

- Career path planning
- Employability skills
- Communication skills
- How to get work experience
- Understanding work place culture
- Teamwork.
- Resume & job application writing
- Interview preparation & skills
- Creating positive impressions
- How to find and apply for a job
- Getting work ready
- Managing your money
