

## 2021 Southern Highlands Schools Excellence in Vocational Education & Training Awards

The Southern Highlands Schools Excellence in Vocational Education & Training Awards have been held for over 20 years. The Awards recognise the fantastic efforts and great achievement of young people completing VET courses as part of the HSC.

Of all the students completing a VET course in the region as part of the HSC this year, 17 students were nominated to receive a Certificate of Excellence in the course they were studying. Students were nominated either by their host employers with whom they completed on the job skills training through work placement, or by their schools. They were then assessed by a panel of education and industry representatives as worthy recipients of a Certificate of Excellence in Vocational Education & Training.

Workplace Learning would like to congratulate the following students on their outstanding achievement:
